首屆《理約星宴》於歡笑聲中登場

Smiles Shining Brightly at First-ever Sci-by-the STARS

2025 年 3 月 29 日對於中大理學院的許多成員來說，是極其難忘的一夜。當晚，理學院首次在科學館平台舉辦了一場為本院學生、校友、教職員及其親友而設的晚宴聚會。

雖然當晚天氣有點寒冷，並伴隨微雨，但仍無損參與者的熱情及愉快的心情。許多校友攜同家人參加這場盛會，場面熱鬧而溫馨。可惜由於天氣不佳，由朱明中教授及物理系學生協助的觀星活動被迫取消，在此理學院感謝參加者的諒解。晚宴後，朱教授為我們導賞了一部天文科普影片，而學生助理則為參加者解說望遠鏡背後的科學原理。

For many members of the CUHK Science family, Saturday, 29 March 2025 was a remarkable and memorable night. That night, for the first time ever, the Faculty hosted a dinner gathering for our students, alumni, staff, and their family and friends at Science Centre Podium.

Though the weather was a bit chilly and there was rain, participants were still excited and in good cheer that evening. It was a great gathering for many, with many alumni bringing their family to join the occasion. We would like to express our gratitude to the participants for their understanding that the proposed stargazing session, which was enthusiastically organised by Prof. CHU Ming Chung and a team of student helpers from the Department of Physics, had to be cancelled due to the inclement weather. Instead, participants watched a demonstration on telescopes to learn about the science behind them, as well as a guided viewing by Professor Chu on a popular science video on astronomy.

地球與環境科學系正式成立

Establishment of Department of Earth and Environmental Sciences

地球與環境科學已在中大理學院扎根超過三十年，而地球與環境科學系正式於 2024 年 8 月 1 日成立，成立典禮於 2025 年 3 月 4 日隆重舉行。這一里程碑可追溯至 1994 年開辦的環境科學課程。而在 2012 年，地球系統科學課程成立，為讓學生能拓展兩個領域的知識，兩個課程於 2022 年合併為地球與環境科學課程。

地球與環境科學系的成立，展現了學院與大學對於氣候變遷、能源與糧食危機以及自然災害等全球議題的關注、教育與研究發展的決心。

活動花絮 Event Highlights:

The study of earth and environmental sciences have come a long way at CUHK Science, and the Department of Earth and Environmental Sciences was officially established on 1 August 2024, with the inauguration ceremony held on 4 March 2025. The seed for this fruitful endeavour can be traced back as far as 1994, when the Environmental Science Programme was first launched. In 2012, the Faculty welcomed the establishment of the Earth System Science Programme. A merger of the two programmes took place in 2022 to form the Earth and Environmental Sciences Programme, allowing students to broaden their knowledge from both areas.

The establishment of the Department of Earth and Environmental Sciences demonstrates the Faculty and University's commitment to the education and research in pressing global issues such as climate change, energy and food crisis, and natural disasters.

欣賞香港地質之美

Appreciating the Beauty of Hong Kong's Geological Features

在一月份，我們召集了不同學系的理學院校友，於美麗的海洋保護區進行了一次難忘的遠足體驗。是次活動邀請了地球系統科學課程的兩位校友及一位本科生，帶領校友前往鶴咀海岸保護區觀賞了不同的地質特徵，以及因火山爆發及風雨侵蝕而形成的壯麗景色。我們期待於下一次遠足活動中再次與大家相聚！

In January, we gathered our alumni and friends to enjoy the beautiful natural environment of Hong Kong at the Science Alumni Marine Reserve Hike. Supported by two alumna and a current undergraduate student of the Department of Earth and Environmental Sciences, participants learnt about the geological features at Cape D'Aguilar, while marvelling at the majestic works of art created by natural forces such as volcanic eruptions and erosion by wind and waves. We look forward to seeing everyone again at the next Science Alumni Hike!
